

T7P

Simple, convenient, reliable POS terminal

The Hypercom® T7P set the standard for reliable and secure online transactions and authorizations. This compact POS terminal is designed for merchants who are upgrading authorization-only equipment and moving to data capture and debit applications.

Reap all the benefits of the Hypercom classic:

- ☑ Clean design
 - Easy-to-read, LCD backlit display
 - Simple, easy-to-use keyboard
- ☑ Integrated printer
 - Fast paper, ribbon, and print module changes
 - Large paper rolls
 - Modular impact or thermal printer available
- ☑ Tested capabilities
 - Supports check readers and PIN pads
 - One-button operation for daily operations, simplifies training
 - Extensive library of tested applications
- ☑ Certified with major processors
